

The SMART Clinic - Veterinary Sports Medicine and Rehabilitation Clinic

Full or Part Time Employment opportunity for a Veterinary Surgeon.

The SMART Clinic is one of the longest established sports medicine and rehabilitation clinics in Europe. It is internationally recognised as a centre of excellence in the field of small animal rehabilitation and provides a comprehensive sports medicine service for agility dogs from all over the United Kingdom.

We are looking for a dynamic and enthusiastic veterinary surgeon to expand our current team of three veterinary surgeons and two full time equivalent chartered physiotherapists. The ideal candidate would be highly motivated and able to communicate well with both referring veterinary practices, owners and agility trainers. The post is split between our two purpose built centres in Swansea and Cardiff, South Wales. Apart from our Sporting dogs we have a large clinical case load and regularly take complex tertiary referrals from other centres of excellence around the UK comprising both neurological and orthopaedic clinical conundrums. A strong emphasis is also placed on working with owners towards injury prevention and appropriate training of their canine athletes.

We are able to offer state of the art facilities including High resolution diagnostic musculoskeletal ultrasound, Gait 4 gait analysis, hydrotherapy and land based treadmills, dedicated therapeutic exercise suites, thermal imaging, ultrasound and laser.

The opportunity also exists for the right individual to be involved in developing and delivering educational course both in the UK and Europe within the field of Veterinary Rehabilitation and pain management.

The successful candidate will be a motivated team player and good communicator dedicated to providing an outstanding service at the highest level in the field of Canine and Feline rehabilitation. Continuing education is actively encouraged and supported. A competitive salary is available dependent on experience.
